EXPLANATORY NOTES

1. Local government authorities in New South Wales comprise Municipal, Shire, and County Councils. Twenty of the municipalities have been proclaimed "cities". With the exception of the Sydney County Council, all councils are regulated by the Local Government Act, 1919, as amended.

2. The statistics given in this publication are mainly financial, and include, *inter alia*, details of revenue, expenditure (from revenue and loans), capital indebtedness, property valuations, and rating. The comparative summary tables relate to 1962 (in a few instances, 1963 or 1964) and earlier years, and the detailed statistics in respect of individual councils relate mainly to the year 1962.

3. The "Metropolis", as used in this publication, comprises the areas listed under "Metropolis" on pages 16 and 18. It differs from the Metropolis as defined for general statistical purposes in that it includes the whole of Blacktown and Liverpool Municipalities and Baulkham Hills and Hornsby Shires, only portions of which are included in the statistical Metropolis.

4. Local government activities are classified broadly as follows:—

(*a*) *Ordinary Services*. This group includes roads and footpaths, sanitary and garbage services, parks and reserves, council properties, housing, health, and public services (for details see Tables 9 and 10). These services come within the scope of each council's general fund, and special and local funds which are similar in nature to the general fund.

(*b*) *Trading, Water, and Sewerage Undertakings*. These are for the supply of electricity, gas, water, and the provision of abattoirs and sewerage. Separate funds are kept for each undertaking.

5. Particulars of Ordinary Services expenditure, as shown in the summary tables, are not presented in the same form as in the statements of revenue accounts prepared by councils. The accounts of councils are composite in character and show in combination expenditure from both revenue and loans. In the summary tables, however, expenditure from each source is shown separately—expenditure from revenue in Tables 8, 10, and 11, and expenditure from loans in Tables 13 and 14. By such means, particulars of councils are shown in a form which is more commonly used by public authorities.

6. Ordinary Services expenditure as appearing in Tables 27 and 28 is in the same form as in councils' accounts, and therefore differs from totals shown in the summary tables, which have been adjusted as described above. Expenditure on such services as parks, baths, markets, and property, which has been capitalised, is not included in these tables, but is shown in total in Tables 29 and 30.

7. The revenue and expenditure of trading undertakings are shown on a "profit and loss" basis, the same form as in the accounts prepared by councils.

8. Changes in local government areas during 1962 (apart from minor changes in area) are listed below:—

New Area	Date of Change	Areas Amalgamated to form New Area
Albury Municipality	1st January, 1962	Former Albury Municipality, part (12,900 acres) of Hume Shire.
Singleton Municipality	1st July, 1962	Former Singleton Municipality, part (3,050 acres) of Patrick Plains Shire.

9. The electricity undertaking conducted by Hay Municipality was transferred to Murrumbidgee County Council from 7th September, 1962. No other electricity undertakings were transferred to county councils during 1962.

10. Information relating to the Metropolitan Water, Sewerage, and Drainage Board and the Hunter District Water Board is shown in Tables 53 to 61.

No. 2. Municipalities and Shires: Valuations of Rateable Property, 1954 to 1964

The *Unimproved Capital Value*, is the amount for which the *fee-simple* estate in land could be sold under such reasonable conditions as a *bona-fide* seller would require, assuming that the actual improvement had not been made.

The *Improved Capital Value* is the amount for which the *fee-simple* estate of the land, with all improvements and buildings thereon could be sold.

The *Assessed Annual Value* is nine-tenths of the fair average annual rental of the land, with improvements thereon, but must not be less than 5 per cent. of the improved capital value.

* Comparison is affected by the amalgamation of municipalities and shires and by the formation of county councils.
† Sinking funds of the City of Sydney and the Sydney County Council are large because most of their loans are raised for fixed periods with provision for repayment through sinking funds. They are comparatively small for other councils, which usually borrow on terms requiring yearly or half-yearly instalments of principal and interest.
‡ "Gross Loan Debt" less "Accumulated Sinking Fund" for debt redemption.
¶ Sum of "Net Loan Debt", "Government Advances", and "Time Payment Debts".
§ Gross loan debt of £2,406,680 was transferred from Newcastle City to Shortland County Council on 1st September, 1957.
‖ Gross loan debt of £690,897 was transferred from Greater Wollongong City to Illawarra County Council on 1st March, 1958.

* Incomes of Urban Committees (excluding contributions by shires) have been included with their shire councils. Ordinary Services include services of the General Fund and of Special and Local Funds which are similar in nature to the General Fund.
† For classification and total amount of rates levied on account of all funds, see Table 24.
‡ See note*, Table 7. Total government grants to shires in 1962 amounted to £11,628,129—viz., Ordinary Services, £11,081,807, Electricity Works £11,314, Gas Works £4,853, Water Supply, £217,029, and Sewerage, £313,126.
¶ "Total Revenue" (as shown in Tables 8 and 9) includes capital receipts from sales of assets and repayments of debts owing to councils, and to this extent, it exceeds "Total Income".
